Next Wednesday, January 13th, the Bloodmobile will be at the American Legion Hall in Grayling from noon until 6

President Reagan has proclaimed January 1982 as National Volunteer Blood Donor Month" and in his proclamation urged "every healthy person to participate in their local volunteer blood program and to experience the rich satisfaction of giving selflessly for the well being of others!"

The American Red Cross Blood Services, with Centers at Petoskey and Flint, supplies voluntarily donated blood and blood products to 37 hospitals in the 27 counties of Northern Michigan, one of which is, of course, our own Mercy Hospital.

Crawford County Chapter/American Red Cross is mighty proud of the almost 500 Good Neighbor Donors who repeatedly give generously of their blood and have insured that every Citizen of Crawford County will receive all the Red Cross Blood he or she may need no matter where they may be in the U.S. when it is required: FREE! That is, the Blood itself is free; does not have to be replaced; and the patient pays only the drawing, processing, storing and distributing charges in the form of a fee collected by the Hospital, to recover the costs of this life saving service.

The annual January Blood Bank in Grayling is usually our biggest, and it needs to be so, because Blood is always in extreme short supply during and immediately following the Holiday Season as Blood "collections" are at their lowest point at this time because of plant shutdowns for Holiday

So, please, you wonderful Donors, mark your calendars for Wednesday, January 13th, from noon until 6 p.m., and come to the American Legion Hall and help keep our tradition of "January is the biggest Blood Bank in Grayling!"

Don't forget, the Dial-A-Ride will pick you up at home and bring you to the Legion Hall and take you back home for free if you come to give a pint of your precious blood. Just dial 348-5409.

See you at the Legion Hall!

Hanson Hills To Open Six Slopes

Hanson Hills, which opened Monday, Dec. 28 with three slopes in operation, will soon have six hills for skiers. Workers at the recreational area also will be grooming its cross-country trails that cover most of the park's 286 acres. The trails, all marked, offer some of the best cross-country skiing in the state.

Two ice skating rinks have already been made at the park. One rink has two full-size hockey goals. The ski area and cross-country trails both have good snow bases.

The main lodge at the park has a concession stand and game-room. Additionally, rental downhill and cross-country ski equipment is available.

The "face" — the fastest hill at the park - will be one of the new hills to open soon. Four rope tows and a T-bar will be in operation when all six hills are open.

The hill containing the old toboggan run has been cleared and is open for tobogganers to try their skill.

Hours for the park will be 7-10 p.m. Monday, Thursday, and Friday; 10 a.m. to 5 p.m. and 7-10 p.m. Saturday, and 10 a.m. to 5 p.m. Sunday.

Hanson Hills To Offer Adult Ski School

Monday evenings are set aside for adult skiing at Hanson Hills, and January 11 is going to be a special evening for all those at the park. To begin with, a free wine and cheese party will get underway in the lodge at 7:00 p.m. Both skiing enthusiasts and spectators are welcome. A wide variety of wines, cheeses and other taste tempting delights will be available for everyone. In addition, entertainment will be crovided by the original AuSable River Dixieland Band.

Monday evening, January 11 will also be the first meeting of the adult ski school for this season. Classes will begin at seven and last for 2 hours. Cost of the five week class is just \$30.00 and the fee includes two tickets, rental equipment and instruction. Persons planning to take the class are asked to call Hanson Hills at 348-9266 and pre register. Pre registrations can be called in Thursday evening, Friday evening, Saturday and Saturday evening or on Sunday.

Dead Stream Opened For Bear Hunting?

The Dead Stream Swamp - the wildest block of public land in the lower Peninsula - may be opened for bear hunting

The Dead Stream Swamp, which borders on the southwest corner of Crawford County, has been closed to bear hunting since 1964. According to an article in the North Woods Call, Carl Johnson, a Natural Resources Commission member, has announced he no longer will oppose efforts to reopen pear hunting in the swamp. Johnson has blocked similar efrts in recent years, saying bears should have one truely wild refuge left in the lower peninsula for them.

Johnson has changed his position, however, because of an increasing bear population in the swamp area which has caused considerable damage to nearby farmers and bee-

The article says DNR officials are expected to ask for bear hunting in the swamp by 1982 or 1983.

WINTER STORMS NO PICNIC—The heavy snowfall that hit Crawford County New Years Eve, Saturday night, and Sunday night turned out to be no picnic for area residents. Numerous traffic accidents were caused by the deep snow and schools, businesses, and government offices were closed Monday. The snowfall on this picnic table all came down on one night - New Years Eve.

More than 20 inches of collision. Both sheriff snow fell on Crawford Coundeputies and Grayling City ty from New Years Eve to Police assisted at the scene. Tuesday, Jan. 5 disrupting No serious injuries were holiday traffic and closing schools, businesses, and government offices.

The first snowstorm on New Years Eve helped cause a 10-car pileup on I-75. A 50year-old Pontiac man hit his brakes attempting to slow down to take the Gravling exit on the northbound lane and Crawford County Sheriff Deputies say it caused a chain reaction. A car driven by an 18-year-old Berkley man hit the rear of the first car and eight other vehicles went into the ditch to avoid a

reported in the pileup which occurred about 5 p.m.

Three men involved in a three-car accident on southbound I-75 also escaped without injuries on New Years Eve. One vehicle slowed down for a car in front and was struck in the rear by another vehicle. The third car slid into the ditch avoiding a collision.

The deep snow kept area police officers busy. The sheriff's dept. reported 15 property damage accidents and eight motorist assists (mainly cars in ditches). Snowmobilers also kept deputies busy with seven disturbance calls and three personal injury accidents. Nine ambulance runs were made during the last week.

On Monday morning, Undersheriff Lt. Robert Ruddy said deputies were using the department's four-wheeldrive vehicle because it was too dangerous to drive the departments sedans.

In other sheriff dept. news, several reports of fish shanty vandalism have been received from the West Bay area and the dept. is asking for anyone noticing this damage being committed in the area to report it at once.

Vikings Raring To Go; St. Ignace Here Friday

The 11 players on the Grayling varsity basketball team have their motors racing and can hardly wait for the green light Friday night to go after St. Ignace.

The Vikings will carry a 1-4 league record into the home game Friday and they're eager to prove they're better than that record.

On paper, Grayling still looks like it has the ingredients to put together a winning season.

Senior guard Brad Trenary is capable of scoring more than 30 points a game and has already hit for 33 and 34 points in games this year.

AuSable Ministerial Assoc. Formed

As of this past fall those who minister in various churches of the area officially constituted themselves as the AuSable Ministerial Association. Elected as chairperson was Rev. Derik Roy of St. Francis Episcopal Church and Rev. Bill Rabior of St. Mary's Catholic Church was elected to serve as secretary.

The members of the association adopted the following statement of purpose: (1) to foster Christian Fellowship promote dialogue among those who serve ministerially in Crawford AuSable area; (2) to provide a forum for the discussion of issues affecting the community and proposed possible courses of actions for such: (3) to maintain a cohesive organization for the spiritual growth and development of its memfigures in the first three games of the year and showed, during some stretches, he can be a floor leader. Another stregth of Radebaugh is his abilitly to drive to the basket.

Senior Ted Methner led the Vikings in scoring against first place Charlevoix. At 6'1" he can play forward plus has ball-handling skill to help out at guard.

Big men Tracy Fagan, Jim Schrader, and Wayne Ross have the size to compete the league's big men. Fagan is a strong jumper and has experience as a starter on last year's 17-5 team. Schrader has displayed good power in going to the offensive basket and

rebounding. Ross, sophomore, is all hustle and his all-out play has put points on the board quickly for the Vikings on their press and trap defense.

Junior Monte D'Amour is a fine athlete and his shooting, defense, ballhandling, and court sense have improved with almost every game and should continue to improve as the season progresses.

57th Annual Winter Sports Carnival

By Jon Thompson

The Grayling Winter Sports Carnival attracted thousands in the 1950's and 60's when it boasted giant snow sculptures, the longest manmade toboggan run, and beautiful snow queens along with skiing, ice-skating, and other winter sports.

In the late 70's the carnival hit a low point. Enthusiasm increased for last year's carnival but a February thaw cancelled half of the two-weekend festival.

This year, interest in the carnival appears to be snowballing again. Several new events have been added and a hot air balloon will be onhand (weather permitting) to give rides.

The hot air balloon will be at Hanson Hills from 11 a.m. to 3 p.m. Saturday and Sunday, Feb. 13-14.

The 57th annual carnival will kick off this year with a

dinner at Chief Shoppenagons Thursday, Feb. 11. Cocktails will be served from 6-7 p.m., dinner at 7 p.m., and dancing with music by a special Show Band and begins at 9 p.m.

Making Comeback

On Friday, Feb. 14, a fishing and hunting contest begins and runs through to Sunday at 2 p.m. On Friday night from 7-10 p.m. there will be night skiing at Hanson Hills and at 10 p.m. a torchlight ski parade will take place on the slopes.

On Saturday, special events begin at 11 a.m. The Klondike Canoe Race starts at Rays on the AuSable then. and at Hanson Hills, a Passthe-Snowball game starts for children 1-11 and teenagers

From noon to 3 p.m. snowshoe golf will be played. At 1 p.m. snowshoe baseball begins as well as a tug-ofwar for kids 1-11 and 12-18.

Tubing down the slopes begins at 2 p.m. and at 2:30 a coal shovel race will be held. At 3 p.m. a flat ground ski race will be held for kids 1-7, 8-12, and 13-18. From 11 a.m. to 3 p.m. all day Saturday and Sunday sleigh rides and pony rides will be of-

fered. At 9 p.m. Saturday night the 4-H Performing Arts group will put on a show and at 10 p.m. another torchlight parade will be held.

On Sunday, special events begin with a snowball hunt at 11 a.m. A pentathalon follows at 11:30 and in the afternoon more snowshoe golf and baseball will be played.

At noon Sunday, a sevenmile cross-country ski race will be held. At 1 p.m. alpine ski races will be held and downhill canoe races start at 2 and 3 p.m.

An awards presentation completes events at 4:30

From Our Corner ...

WOW...Mother Nature sure did take a swat at our part of the country last Thursday and Thursday night...that was New Year's Eve...and it was quite evident we were not to forget 1981...the problem, who could forget it...it was not any better than 1980 as far as businesses closing due to the economic climate of the United States...for a while it didn't look as if the snow was ever going to stop, we received over 2 feet of snow from Thursday morning until Friday morning...the storm nearly bogged the city down, and would have if it hadn't been for the city crews that were out New Year's Day trying to keep ahead of the storm...

One would think the Thursday storm was enough...the snow we received was well enough...but evidently Mother Nature decided seeing as how she gave us one last blast in 1981, she didn't want us to get complacent, so, she dumped another 6 inches of snow on us just to let us know that 1982 may be just a little stronger...

The above is not for our down trodden brothers who have gone through this long weekend and tried to celebrate the coming of high expectations for 1982...it is strictly for the use of our summer snow birds who flock to the south and west to escape just what us hardy souls have to go through for sur-

Strictly personal...we received a phone call from Louie Stillwagon after Tampa Bay had knocked off our beloved Lions with the saluatation of Ho Ho Tampa Bay...following their last outing Louie, all we can add is Ha Ha Tampa Bay...if you can find some canned warmth instead of your Florida sunshine...send it up, we need it after the weekend blizzard, and zero temperature we have had...

Grayling was shocked and saddened when the word came of the sudden and untimely death of William Sorenson...Bill, as he was known to his friends and business acquaintances died Friday, (New Years Day).

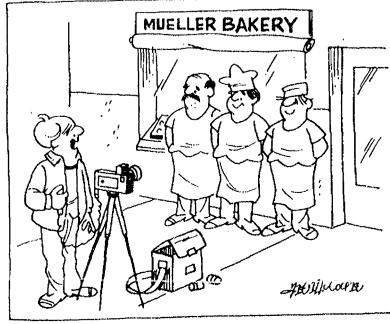

Bill was the founder of Sorenson Insurance Agency, Inc., and also was one of the founders of the Crawford County Federal Credit Union...of which he was serving as an officer at the time of his death...

We have known Bill since we moved here, and one of the most significant things we will miss is when we used to meet at different times was the ever lasting pipe he always smoked...so, to another friend who has passed on unexpectedly we add -30-...

From the Las Vegas Sun...You know you're in trouble when...you notice your toupee inside your

An idle thought...Irv must have ran into good ol' St. Nick...he hasn't been around lately passing out all the wisdom he normally has stored somewhere, we cannot figure where...but, anyway we understand he got back his Chrysler gem with great relief of his son-in-law...Rick has kept him in wheels so we understand with much reservation...so there Irvin, you finally got in our Idle Thoughts...

The above was written during a bright sunny Sunday...Monday we were greeted with another 8 inches of snow, closing all the schools in the area. the county building, several state offices, and the radio just announced we still have another 6 to 8 inches yet to come...don't know how long today we are going to be in the office so will close our corner much earlier,...goodnight T.J., Stef and Amber...and to our readers think sunshine...we have enough snow to last the winter...

ABRAHAM'S **JUSTIFICATION** APART FROM LAW

Romans 4:9-15 In Romans 4:1-8 we saw that Justification of Abraham and David was apart from their good works. From Romans 4:9-17 we shall see that Abraham's Justification was apart from the Law of God in the Old Testament. The question is stated in Romans 4:9: "Cometh this blessedness then upon the circumcision only, or upon the uncircumcision also? for we say that faith was reckoned to Abraham for righteousness."

Circumcision was religious ritual which gave outward evidence that one had entered a covenant relationship with God. It could be compared to our ordinance of Baptism today. Notice the answer to verse 9 in verse 10: "How was it reckoned? when he was in circumcision, or in uncircumcision? Not in circumcision, but in uncircumcision." Abraham was Justified before he was circumcised. To apply this today, one must be Justified before he is baptized, for baptism can-

not Justify. If religious ritual cannot Justify, why was circumcision then required? "And he received the sign of circumcision, a seal of the righteousness of the faith which he had yet being uncircumcised: that he might be the father of all them that believe, though they be not circumcised; that righteousness might be imputed unto them also." Romans 4:11. God imputed righteousness to Abraham before he was circumcised so he could be

faith alone Justification. Abraham was neither circumcised or bantized before he was Justified. Those who have faith in God's Word as Abraham can be assured of Justification apart from circumcision or baptism, even today. "And the father of circumcision to them who are not of the circumcision only, but who also walk in the steps of that faith of our father Abraham,

Faith or belief in His Word. laws enough to be saved, through Faith would be denied. "For if they which are of the law be heirs, faith is made void, and the promise made of none effect: Because the law worketh wrath: for where no law is, there is no transgression." Romans 4:14, 15. Youth Services Have Moved

Youth Services Bureau and Sibs for Kids of Crawford County have now moved their location to the Industrial and Professional Plaza, M-72, West - The first orange door on the east side of the building. We also have a new phone number: (517) 348-2841, ext. 262.

Youth Services Bureau's objectives are to divert youth from the juvenile justice system, when approto priate: prevent delinquence; to strengthen family ties and parent/child relationships. Sibs for Kids' main objective is to provide adult role examples to children from one parent homes. These adult volunteers are neither parent substitutes nor disciplinarians. A Big Brother/Sister is simply an adult friend of the child.

We are still seeking volunteers. Your help will be very much appreciated and your reward may be greater than anything - a friend!! If interested, please contact Doug Wilson or Paula Duncan at the above phone number or at Post Office Box 311.

News of Good Things Growing

By Margaret G. McCall After a busy holiday season, a quiet evening by the fireside with friends is a welcome change of pace. Tasty snacks from fine Michigan cheeses can be easily prepared for such an occasion. More than 20 million poun-

ds of cheese was produced in our state last year, according to the Michigan Dept. of Agriculture, including cheddar, Colby, Monterey, Italian, Muenster, brick, cream and farmer cheeses.

Michigan has 15 cheese factories, with major cheese production in Arenac, Bay, Clare, Menominee and Wayne counties. Our state also produced nearly 50 million pounds of cottage cheese.

There are more than 400 varieties of natural cheeses, each distinctive in flavor, body and texture. Method of coagulating milk, kind of milk used, type of culture and ripening conditions determine the kind of cheese.

Natural cheeses are cured from 30 days to a year and labelled mild, medium aged, or sharp.

Cheddar, Colby, Monterey and Muenster are excellent mild cheeses for appetizers, salads and sandwiches. Italian cheeses such as Parmesan, Mozzarella and Romano are mild to sharp in flavor, ideal for spaghetti, pizza or lasagna. Mozzarella cheese has an elastic texture which becomes stringy

Cheese contains many of milk's nutrients, including protein, calcium and vitamin A. Ten pounds of milk are required to make one pound of cheddar. Three ounces of cheedar has about the same protein as three large eggs or three ounces of cooked beef. Five ounces of cheddar has the same amount of calcium as 31/2 cups milk.

Women's Club To Meet

The Christian Women's Club of Houghton Lake and the surrounding communities will hold its monthly luncheon at the Holiday Inn of Houghton Lake on Tuesday, January 12, 1982, from 1:00-3:00 p.m.

You are cordially invited to attend this luncheon. The theme will be "Our World-Renewed". The Special Feature will be "Different Strokes". bу Schroeder, a talented artist from the area. There will be musical selections, for your listening pleasure by Jean Cornell of Houghton Lake. The speaker, Mary Haddad will present a "Once in a Lifetime Story." Mary Haddad is a wife, a mother and an interesting speaker from Sturgis, Michigan, formerly from the Toledo, Ohio, area. Her story has been published under the title, "My World Was Caving In.'

You will want to come and enjoy these features and the Holiday Inn's delicious buf fet luncheon. The cost for these features is just \$4.25.

Nursery care will be provided for the luncheon at the United Methodist Church, 7059 West Houghton Lake Drive, M-55, by Mrs. H. Heine and her qualified staff.

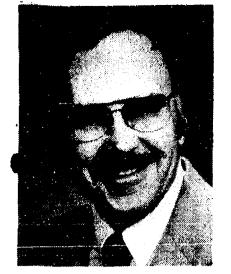

Reservations for the children are necessary. For the luncheon and the nursery reservations, please call Louise Hammond at 422-5489 or Dolores Peckham at 821-9317 by January 8, 1982. Reservations are necessary for everyone and cancellations are essential. Late reservations are accepted. Invite a friend to come with you. She'll be so very glad you did!

Milliken Announcement Signals **Battle For New Leadership**

Warren M. Hoyt, Executive Director, MPA

With the recent announcement that Governor William G. Milliken will be leaving elective office at the and of his current term, a signal was sent out to begin the most wide open battle for political leadership in the state in the past 20 years.

The general election in 1982 will mark the first time a sitting governor will not be seeking re-election to the state's top elective post.

Democrats said they were elated at the chances of recapturing the office held by Republican Milliken for 13 years and Republican George Romney for the preceding six years to the Milliken era.

Republicans, meanwhile, said it opens the door to setting a new direction for the party.

Lieutenant Governor James Brickley and insurance executive Richard Headlee are both probable candidates for the Republican nomination next year although they both efused to commit themselves after the Milliken declaration.

Conservative Senator Jack Welborn (R-Kalamazoo) has announced he is a candidate for the nomination and expressed disappointment that Milliken would not run as he said he wanted to run against Milliken directly.

Democratic candidates for their party's nomination are many and hey all expressed optimism for their chances after Milliken announced he would not run.

Those candidates include 1978 nominee William Fitzgerald of Detroit, Congressman James Blanchard of Pleasant Ridge, always-acandidate East Lansing attorney Zolton Ferency, state Senators Gary Corbin of Clio, David Plawecki of Dearborn Heights, Kerry Kammer of Pontiac and Edward Pierce of Ann Arbor, and Robert Tisch who has attempted, but failed, during two elections to cut property taxes

by as much as 50 percent. The outgoing governor may not do

much to help voters decide who he would like to succeed him. He said he would vote for his lieutenant governor if he were a candidate, but did not indicate if he would be much more active than that in the primary.

"There is no such thing as an heir apparent. Every candidate must compete on his own merit," he said.

Milliken said he intends to serve out the remainder of his term through December 31, 1982 making a total of 14 years in his record-setting tenure as Michigan's chief executive.

He added he would begin a new career after that, but said what that will be is unclear. "I have not yet explored the options," he said.

The governor said he decided to leave office, in part, so he could work full time on the state's problems.

"Next year may well be the most critical in Michigan's history. Michigan's problems in those extraordinary times are too serious to have a governor unable to devote full energies to them ... a governor suspected of putting political selfinterest ahead of public interest...a governor preoccupied with months of campaigning.'

"It will need an unprecedented degree of bipartisan cooperation and achievement between Republicans and Democrats - between the Legislature and the governor. I want all of my efforts in this critical period to be judged on their merits - not suspected motives," he said in his announcement.

Milliken said his major objectives in 1982 are further moves for an economic recovery program, guiding the fiscal affairs of the state through the continued recession and establishing a Resource Heritage Fund to enable the state to use revenues from depletable natural resources to enhance permanent recreation, pollution control, waste disposal and other environmental programs.

"Valley of the Glacier" The Mendenhall Valley is the suburbs of Juneau, complete with a shopping mall, s

plete with a shopping mall, a small university, and a magnificent glacier, also called Mendenhall. Three miles wide and over thirty miles long, Mendenhall Glacier appears surreal as it highlights the landscape of the valley. It's a prime attraction of tourists to the area and my favorite pilgrimage on days off. The city bus goes within a mile of the glacier, and from there it's a short walk to the park system's observation station and several hiking trails nearby.

One afternoon with two friends, I canoed the glacier lake to reach a rock island that snuggles up to Mendenhall Glacier. What appeared at first to be a short distance of a half mile when we started turned into over an hour of canoeing, however, as the vastness of the glacier and surrounding mountains had altered our earlier perceptions. Upon reaching the island, I looked back to shore, noting that our truck now stood as a faint dot in the distant horizon.

During my entire trip, I had hoped to view a glacial break-off up close. The thunderous rush of ice crashing into the water below is awesome, and sunlight goes deep into the freshly formed gap to reveal a rich blue color from ice void of all air bubbles. It is a unique event for one fortunate enough to capture it.

Once on the rock island, I began hiking, quickly reaching a spot near the glacier's edge where a steady stream of water was flowing from the interior. Nearing a small lake formed by the glacial melt, I looked up the ridges of rock for a path upward and a better view. Suddenly, several boulders broke loose above me, bounding down the steep incline with a deafening

Automatically, my senses magnified, but there was no place to go and little time to even move. Instead, for the next few moments, I was a spellbound witness of Nature's wondrous power display. With each bounce rock met rock and boulders exploded into pieces, all rushing downward until silenced by the small lake below in one final dramatic splash. I decided against further climbing, because my urge to view a glacial breakoff was somehow satisfied for the moment.

background, U. of A. is the most picturesque campus I've ever seen. Classes reflect the practical needs of the region; a brief glimpse at a schedule booklet reveals course offerings in crabpot making, fish net repair, and navigation, besides the basic curriculum. While visiting the campus, I met Jon Muigar, the first African student to attend the Auke Bay branch, and we spent several hours talking world politics. Jon noted that the world is getting smaller and that I would feel as much at home in his native Nairobi as in New York City. No doubt, but who says I'd feel at home in New York City?

"Sourdough" is an oft heard term in Alaska, meaning more than sourdough baked goods. It's local slang translation is "sour" on Alaska, but no "dough" to leave, a fate overlooked by visitors who pass through Alaska enjoying the wealth of natural beauty there. Nevertheless, such a fate befalls many near the bottom of the economic scale, often poor natives or disillusioned dreamers. Suffering in the absence of a vital middle class, true sourdoughs find the geographical isolation and heavy rainfall (162"/yr. in Juncau) additional barriers to hap-

piness in the last frontier. I spent my last few days in the Juneau area hiking in the valley and saying so longs to

ground operations and overa successful Navy and Marine Corps amphibious operation.

Regular &

Viking Volleyball

The Grayling volleyball teams travel to Mancelona Thursday, January 7, to open up the 1982 season. The varsity has only three returning letterman but Coach Becky Brown feels her team has a lot of spunk and enthusiasm that will keep them playing even with most teams, especially at the start of the season. "Their skills are improving rapidly and we'll be at full strength in a couple of weeks. We're excited about heading to Mancelona and want to start '82 off with a win!"

Leading the Viking squad are captains Jenny Riker and Wendy Savallisch. "They were both aggressive all-around players last season and are even more of a threat this year to opposing teams. The other veteran, Lisa LaMotte, has shown good serving consistently in pre-season."

Coming up from last year's J.V. squad are Kathy Worden, Tammy Savallisch, Shelly Trenary, Donna Phelps, Dawn Hawley and Raeann McEvers.

Completing the varsity team are Kay Fox, Heidi Goss, Gina Bidwell and Lisa Logan, all new to Grayling volleyball.

On this year's J.V. roster are Paula Harwood, Deanna Hubbard, Dawn Phelps, Tammy Moore, Shannon Kraycs, Sheila Burpee, Michelle Muriel, Linda Johnson, Traci Riley, Sandy Beyer and Kindra Vander-

"Right now we're concentrating on developing basic skills and good serving percentages on the J.V. level. They are a determined group and should do well this season."

Managers for Grayling are Lisa Cdebaca, Theresa Lehto and Lexis Weggoner.

Babson's 1982 MILLTOWN Forecast

BUILDING

New housing starts are expected to rule modestly higher in e year ahead compared with 1981. While our estimates are y 1.3 million units as compared with 1.1 million, a substantially stronger showing than that is unlikely. Though somewhat better situated at present, both mortgage interest rates and mortgage money supplies must improve quite a good deal before building activity can materially surpass our expectation.

EMPLOYMENT — PERSONAL INCOME

Despite spreading work force cutbacks in recent months, employment remains in a historically high range. While further small-scale furloughs are likely this winter, employment should recover thereafter. The unemployment picture is less reassuring. It will be nip and tuck as to whether the jobless rate can be kept m a double-digit high sometime this winter. For the record, however, we are hopeful that the jobless pool will not surpass 9% of the civilian labor force before easing in response to a quickening business pace. The unemployment rate will average around 8% for 1982 as a whole, only marginally below that of 1981. Yet the problem of a sizable hard core of jobless workers will remain

Personal income will trend higher in the year ahead. However, only an upward bias will be seen during much of the first half because layoffs will partially offset wage increases. When hirings resume, the income advance will be more noticeable. The climb of disposable income (take-home pay) will be accentuated after midvear by another stepdown in federal personal income tax rates. The Social Security tax rate will be higher next ar but the income tax reduction will leave most consumers with more to spend. Though 1982 will be a big year for major labor contract renewals, the odds are against long and disruptive tie-ups in the pattern-setting basic industries. Like it or not, labor leaders are finding that they must tread softly in enterprises beleaguered by foreign competition and where work forces have been trimmed. However, once the economy regains its forward momentum, labor's stance can be expected to stiffen.

CONSUMER AND GOVERNMENT SPENDING

Though early 1982 retail trade will be dampened by uneasiness over business and employment prospects, consumer sentint will eventually respond favorably to the betterment in sposable income that will result from recovery in employment and a further reduction in federal income tax rates. Hence, consumer buying can be expected to top that of 1981 by a comfortable margin, with the third and fourth 1982 quarters chalking up the best gains. The economy will also benefit from higher government expenditures. After midyear, for example, defense outlays will be noticeably on the upbeat.

CORPORATE PROFITS — DIVIDENDS

Business profits in 1982 will be up compared with 1981. During the past year corporate earnings were adversely affected by the deterioration in the tempo of business. There should be better profits showings virtually throughout 1982, and on progressively improved year-to-year comparisons with each assing quarter. The reduction in the corporate profits tax rate will be an important factor in increases at the "bottom line."

Though brighter prospects for corporate profits augur well for increases in dividend rates in 1982, hikes in payouts will tend to be of moderate size in most instances. Corporate liquidity needs to be reinforced and this will take time.

AGRICULTURAL OUTLOOK

It is difficult to make a case for any substantial betterment for the beleaguered agricultural segment of the economy in 1982. There are gluts in supplies of major products that militate against any large-scale boosts in farm prices. Unless adverse ather patterns over large sections of the nation's growing areas threaten a significant alteration of supply-demand balances at crucial points in the crop year, farm quotes will not improve appreciably. Therefore, no substantial recovery in overall farm income appears to be in the cards for 1982. It is likely, however, that exports of agricultural products will top 1981 ship-

FOREIGN AFFAIRS

Current prospects do not indicate that any major breakthrough is in the offing with respect to the resolution of critical international problems. So it appears that 1982 will see more talk than genuine progress on issues involving the Middle East and Central America. The same is true with regard to Sovietnerican relations, particularly negotiations over strategic arms limitation and U.S. and Soviet military involvement in Europe.

STOCK AND BOND OUTLOOK

Except for takeover situations, 1981 was not a banner year for the stock market. After an early upthrust, stock prices again fell victim to unacceptably high interest rates and worries over the size of the federal budget deficit. Late months of the year saw some gradual revival of optimism, although investors' moves frequently mirrored their uncertainty. Nevertheless, there was some response to the large supply of undervalued ocks and to the favorable implications of lower interest rates. some extent, the stock market was also discounting the business upturn that was still several months distant.

Allowing for spells of uneasiness, we feel that 1982 will be more beneficial to investors. With so many important industries long depressed, and with the Administration encouraging the upgrading of productive facilities, the projected uptrend in business may well generate more momentum than now seems possible. Stocks in virtually all categories and quality are trading at exceedingly reasonable multiples of normal profitability and historical prices. So it is not difficult to visualize a burgeoning of investment interest. For the record, we forecast that the Dow Jones industrial average will fluctuate within a range of 1100 on the upside and 800 on the downside in

Although the bond market has already scored encouraging gains in recent months, nominal further upside progress can be expected early in the new year.

taxes.

The new Individual Retirement Account regulations permit every working person to have a tax sheltered retirement program, an IRA.

Now, whether you have a pension plan where you work or not, you can invest up to \$2,000 annually in an IRA. And, your unemployed spouse can contribute \$250 annually, too.

Every dime you invest in your IRA as well as interest earned can be excluded from your 1982 federal and state income

where you work, why should you also contribute to an IRA? . . . so you can enjoy retirement, of course.

Begin a program now to accumulate your full contribution by year's end.

Now, a tax sheltered retirement program for every working person.

House Call: **Snow Shoveling**

A lot of people enjoy shoveling snow. When the first few inches cover the driveway and sidewalk, they're out with the snow Shovel, pushing the lightweight fluff to one side. Often these are the people who recare for their own yards, mowing and raking the lawn, Sometimes gardening in the summer months. They may be in good condition to keep up with the smaller demands

of the season. But there are those who wait until the snow piles high before they lunge out to attack the drifts or heavyweighted snow that makes Ithe walkway and driveway inaccessible to man and beast. These are the people who are cautioned against dover-exertion that could icause a heart attack.

Each year heart attacks Pare reported with shoveling snow as the cause of death. How tragic that the price of a cleared walkway is a human life.

The best advice is to shovel slowly in short spurts. As the old-timers say, "Easy does it." Rest often, and Fremember that cold weather Causes the heart to beat faster, work harder. The cold combined with the exertion could cause serious ₹trouble.

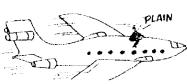

If you feel the symptoms of cheart attack, get immediate medical help. The symptoms may include a feeling of fullheaviness, squeezing pain in the center Fof the chest that sometimes spreads to the arms, 🖫 shoulders, neck, and jaw. These sensations may be accompanied by nausea, vomiting, sweating, and

shortness of breath. 🗓 Even people with snowblowers are putting undue exertion on their hearts, so adon't exhaust yourself, whichever method you use

 \Box for clearing the snow. You're also advised to dress warmly. Cover your 🕻 head, ears, throat, and hands to avoid chills or frostbite.

Many of the older generation, now retired, have the time and desire to keep up with the snowfall. They go outside every few hours to clear a path. But they, too, must remember that it's not i just the activity but also the heart's response to the cold weather that can be dangerous.

Take nature in stride. Don't fight it like an adversary. Follow the advice of the old-timers and take it easy.

A businessman was planning a vacation. "How do you plan to fly?" asked the agent, "Plain or fancy?" "Plane," replied the businessman. "I don't think my fancy would get me off the ground."

STATE OF MICHIGAN In The Circuit Court For The County of Crawford Warbler's Hideaway Association, a Michigan non-profit corporation, Plaintiff,

Harley Tarrant, et al Defendants.

File No. 81 005-216 CH ORDER TO ANSWER At a session of said Court, held in the Crawford County Building, Grayling, Michigan, this 16th day of December, A.D. 1981.

PRESENT: Hon. William A. Porter, Circuit Judge. On August 7, 1981, an ac-

tion was filed by the Warbler's Hideaway Association, Plaintiff, against Esther Foley, among others, to foreclose an assessment lien filed April 29, 1981 in Liber 196, Pages 73-75, Crawford County Records,

among other liens. IT IS HEREBY OR-DERED that Defendant Esther Foley shall answer or take such other action as may be permitted by law on or before February 10, 1982. Failure to comply with this Order will result in a decree of foreclosure by default against said Defendant for the relief demanded in the complaint filed in this Court, which relief will include sale of Defendant's lot, being Lot 31, Plat of Creekview No. 2, according to the plat thereof recorded in Liber 2, Page 22, Crawford County Records at Sheriff's sale for past due assessments, costs and attorney's fees.

NOTICE OF **MORTGAGE SALE**

Default having been made in the terms and conditions of a certain mortgage made by Ronald G. Gammon and Rita Gammon, his wife of 316 Fulton St., Grayling, Michigan 49738, Mortgagors, to the Grayling State Bank, a Michigan Corporation of Grayling, Michigan 49738, Mortgagee dated September 2, 1977 and recorded in the office of the Register of Deeds for the County of Crawford and State of Michigan, on the 27th. day of September 1978, in Liber 172 of Crawford County Register on page 401, on which mortgage thereis claims to be due, at the date of this action for principal and interest, the sum of Seven Thousand Seven Hundred Forty

Nine and 76/100 (\$7,749.76.) AND no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof, Now therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on the 24th, day of February, 1982 at 10:00 o'clock A.M. said mortgage will be foreclosed by a sale at public auction, to the highest bidder, at the front door of the Crawford County Building, in the City of Grayling, Michigan (that being the building where the Circuit Court for the County of Crawford is held), of the premises described in said mortgage or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at 91/2% per cent, per annum and all legal costs, charges and expenses, including the Attorney Fees allowed by law and also any sum or sums including real estate taxes which may be paid by the undersigned

necessary to protect its interest in the premises. Said premises are described as follows; State of Michigan,

County of Crawford in the Township of Grayling, to wit; The East one-half (E1/2) of the South one-half (S1/2) of Lot fifteen (15) of Block number four (4) of Martha M. Brink's First Addition to the Village (now City) of Grayling, accord-

Mortgage Sale

Default having been made on the part of the mortgagors in the terms and conditions of a certain mortgage given by Gary L. Smith and Barbara J. Smith, husband and wife, to First Savings and Loan Association of Saginaw, Michigan, a Michigan corporation, bearing date the 26th day of September, 1977 as recorded September 28, 1977 in Liber 163, page 359 Crawford County Records.

Because of said default, said Association by virtue of the option given it in said mortgage, has heretofore, and does now, declare the entire principal sum secured to be paid by said mortgage to be due and payable, and there is now claimed to be due and unpaid thereon the aggregate sum of \$30,342.09 Dollars and, as of the date of the sale, the sum of not less than \$30,589.45 Dollars plus costs of the sale and authorized disbursements, and no suit or proceedings having been instituted at law to recover said sum, the debt remaining secured by said mortgage, or any part thereof.

Therefore, by virtue of the power of sale in said mortgage contained, which has become operative by reason of said default and the statutes in such case made and provided, notice is hereby given that said mortgage will be foreclosed and the premises described therein sold at public auction to the highest bidder, by the Sheriff of said County, on the 2nd day of February, 1982, at two o'clock in the afternoon, at the front door of the Courthouse in the City of Grayling and County of Crawford, Michigan; said Courthouse being the place of holding the Circuit Court for said County, which premises are situate and being in the Township of Grayling, County Crawford, State of Michigan, and described as

Lots 1 and 2, Block 2, Karen Woods Subdivision. The period of redemption is

six months. Dated: December 21, 1981 First Savings & Loan Association of Saginaw,

Pageant Preparations Start This Week

Eight Grayling girls will be trying for the honor of being Miss Grayling Winter Sports for 1982. In their first Orientation meeting Sunday evening, Pegeant Chairperson Norma Naour highlighted to the girls the schedule of events that lead up to their big evening - the Miss Grayling Pageant, to be held at the Grayling High School on the evening of February 6th. The contestants, all girls from Crawford County, are: Shelly Belfour - a graduate of the Leelanau Schools now living in Grayling: Donelle Bentley, Dawn Gabriel, Pamela Gorton, Jackie Hale, Brenda Petrosky, Mika Fijolek and Chelle' Warners - all Seniors at Grayling High School. The girls will be participating in many activities that will help them in the pageant. There will be exercise sessions and dance rehearsals, make up demonstrations, song rehearsals, and and posture poise workshops. There will also be social events to help the girls get acquainted. The first such event will be a Get Acquainted Tea on Tuesday evening at Mrs. Naours, where the girls will meet their Pageant Mom's. Each girl is assigned a "Mom" who will help her with her talent, props, and in other

pageant. This years pageant will have a very special added attraction. Sharing the microphone that night with Master of Ceremonies Wayne Hindmarsh, will be a former Miss America. This lovely lady will arrive in Grayling in time for Dress Rehearsal and be available to talk with the girls and give them the advantage of her experience and expertise. This is a real plus for the girls - and for those who attend the pageant. During the next few weeks we will keep you up to date on the events leading up to the pageant, give you more information on the eight contestants, and tell you more about Miss America's visit to Grayling.

WHAT DO YOU HAVE TO LOSE?

TAXES

That's right! Beginning January 1, 1982, ALL wage earners can enjoy the tax saving benefits of an Individual Retirement Account (IRA). Even if your employer already has an established pension program, you can begin setting aside up to \$2,000.00 per year of TAX DEFERRED income in your own IRA.

Funds (principal and interest) in an IRA remain tax free until you retire, at which time you will probably be in a lower tax bracket. And you don't need \$2,000.00 to qualify . . . that is the maximum you can invest. You can invest any amount you wish up to \$2,000.00 . . . and at any time you wish. In fact, payroll deductions

may be a perfect way for you to systematically invest in your IRA. At First Savings, you will receive a top return on your investment. And unlike most other IRA programs, your funds are insured up to \$100,000.00 by the FSLIC, an agency of the federal government. IRS regulations provide for substantial penalties for withdrawal from IRA accounts before age 591/2. Federal regulations also require substantial penalties for early withdrawal.

If you were to invest \$2,000.00 per year and receive a 12%* yield, here's a sample of how fast your funds would accumulate:

15 yrs 20 yrs 25 yrs 30 yrs \$14,620.00 \$42,484.00 \$90,850.00 \$181,564.00 \$348,254.00 \$654,556.00 * The rate you actually earn may be higher or lower than 12%. This is used for illustrative
